

ABDALLAH AHMED MEAAD

QA Software Engineer | Manual & Automation Testing

Nasr City, Egypt | abdallahmead0@gmail.com | +20 1022656255 / +20 1554770480

[LinkedIn](#) | [GitHub](#) | [Portfolio](#) Military Status: Completed

PROFESSIONAL SUMMARY

QA Software Engineer with hands-on experience testing LMS and e-commerce platforms, skilled in manual testing, API testing, and Selenium-based automation with Python. A development background in C#/.NET strengthens collaboration with engineering teams and speeds up defect diagnosis.

EDUCATION

Bachelor of Computer Science | Higher Technological Institute, 10th of Ramadan City, Egypt 2024 | Grade: Good

- Graduation Project: Veterinary Platform with AI-based disease diagnosis (Grade: A)

WORK EXPERIENCE

- QA Software Engineer Intern | Array** Jul.2026 – Present
- Design and execute detailed manual and API test cases against business requirements, ensuring functional accuracy and consistent UI/UX behavior across the LMS
 - Run regression, smoke, and exploratory testing each sprint to catch defects early and protect release stability
 - Log, prioritize, and track defects to closure, working closely with developers and product owners to verify fixes
 - Contribute to daily stand-ups, sprint planning, review, and retrospective meetings; manage QA tasks in ClickUp
- QA Software Engineer Intern | Elsewedy Electric** May.2026 – Jul 2026
- Designed and executed test cases across registration, product browsing, cart, and checkout flows to validate functionality and business logic
 - Performed functional, UI/UX, and regression testing to ensure a smooth, consistent end-to-end shopping experience
 - Identified, documented, and tracked defects through resolution, collaborating with developers to confirm requirement compliance
- IT Help Desk Specialist | Al-Ferdaws Eye Center** Dec.2024 – Apr.2025
- Provided first-line IT support and resolved hardware, software, and network issues for end users
 - Maintained the Innovia Call Center System and documented incidents and service requests
- Quality Check Specialist (QC) | Noon** Jul.2024 – Nov.2024
- Performed quality inspections, identified discrepancies, and maintained accurate documentation
 - Collaborated with teams to improve workflow efficiency and uphold quality standards
- Freelance Data Entry Specialist | Khamsat | [My account](#)** Apr.2023 – Present
- Delivered Software QA testing, data entry, and document formatting using Excel, Word, and PowerPoint.
 - Maintained a 5-star client satisfaction rating through accurate, high-quality, and on-time project delivery.

INTERNSHIPS & CERTIFICATIONS

- Software Testing – Hire Ready Program** | National Telecommunication Institute (NTI) | Jul.2026 – Present
- ISTQB Foundation Level, Manual Testing, Bug Reporting, Mobile Testing, API Testing, Automation Testing (Selenium/Java), Performance Testing (JMeter), SDLC, STLC, Agile Testing, Soft Skills
- Software Testing Fundamentals** | MaharaTech (Online) | Apr.2026
- Manual Testing, Test Case Design, Bug Reporting, API Testing, SDLC, STLC, Agile Testing and ISQB — Project: Testing Sharelane Website
- Back-End (.NET Core) Diploma** | Route Academy, Nasr City | Jun.2023 – Nov.2023
- C#, OOP, SQL Server, Entity Framework Core, ASP.NET Core MVC, Web API, Design Patterns
 - Projects: HR Management System (MVC), E-Commerce RESTful API
- Front-End Diploma** | Senior Step Academy, Nasr City | Jun.2022 – Sep.2022
- HTML5, CSS3, JavaScript — Project: Responsive Online Coffee Store Website

TECHNICAL SKILLS

Software Testing: Manual & Functional Testing, Regression, Smoke, Sanity, Exploratory Testing, API Testing (Postman, Swagger), Test Case Design & Execution, Bug Reporting (Jira), SDLC & STLC, Agile & Scrum

Programming & Tools: Python (Selenium WebDriver, Pytest), C# & OOP, .NET Core & Web API, SQL Server, RESTful APIs & JSON, HTML5/CSS3/JavaScript, Git & GitHub, JMeter, Visual Studio, SSMS

PROJECTS

OrangeHRM – PIM Module Manual Testing Project / 2026 — [GitHub](#)

- Designed and executed 80+ test cases across 10 modules (Add Employee, Employee List, Personal/Contact Details, Emergency Contacts, Dependents, Immigration, Job, Salary, Attachments)
- Applied Functional, Validation, Negative, BVA, Security, Usability, and Data Validation techniques
- Delivered full QA documentation: Test Plan, Bug Reports, Execution Summary, RTM, QA Dashboard

Saucedemo – Selenium Automation Testing Project (Python) / 2026 — [GitHub](#)

- Developed 15+ automated test scripts (Login, Product Browsing, Form Validation) using Page Object Model
- Used XPath, CSS Selectors, and explicit/implicit waits; managed codebase on GitHub

ShareLane Website – Manual Testing Project / 2026 _ [GitHub](#)

- Designed and executed 50+ test cases (Functional, Smoke, Regression) across Registration, Login, Cart, Checkout
- Identified and documented 20+ defects with reproduction steps and severity ratings in Jira

LANGUAGES

Arabic: Native Speaker | English: Very Good

SOFT SKILLS

Attention to Detail • Analytical & Critical Thinking • Problem Solving • Teamwork & Communication • Time Management & Prioritization • Fast Learning & Adaptability
